

## PRODUCT INFORMATION

### CATERER NAPKIN (Nonwoven 43 gr)

The nonwoven napkin is the product the most similar to the cloth napkin which exists on the market today. This wetlaid nonwoven give to the napkin its unmatched strength and softness, as well as a good absorption capacity. The use of nonwoven is more economical and ecological than the use of fabric as water consumption, washing and ironing costs are nonexistent. Certified food contact.

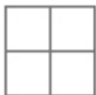

No dangerous substance for the environment, classified N in the Appendix 1 of Directive 67/548/EC and its amendments or allergens as listed in the Appendix III bis, article 6, paragraph 3 bis, 10 and 11 of Directive 2003/39/EC update 2005/26/EC, is introduced in this nonwoven composition.

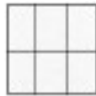

Biodegradable (more than 90% of cellulosic nature).
